5. the insured maintains on a daily basis a stock book in which the type, quantity and value of the goods stored and the beginning and the end of the storage period are entered separately for each refrigeration chamber;
6. the sum insured is equal to the estimated maximum selling price obtainable for the stored goods during the period of this section. The insured shall be obliged to furnish the company not later than 10 days after the close of each month either with copies of the aforesaid stock books or with a duly completed declaration showing the average quantity and value per day of the goods stored during the preceding month (monthly declaration).

The monthly declaration shall be based on the selling price obtainable for the goods.

Stock book copies and monthly declarations shall be regarded as forming an integral part of this policy.

When determining the indemnity the company shall take into consideration all circumstances that may influence the amount of indemnity, such as proceeds from a sale of goods as well as storage costs saved due to the termination of the storage.

If after the occurrence of a partial loss it is found that the last monthly declaration preceding the loss is less than the amount that ought to have been declared, then the amount which would have been recoverable by the insured shall be reduced in such proportion as the amount of the said last monthly declaration bears to the amount that ought to have been declared.
