Hollard Prestige Portfolio v2: Mapping old excesses to new excess structures

Our excess structure has been simplified by removing the excess waiver, as well as the flat and voluntary excess options that were available in Prestige v1.5. The basic excess options available for selection in Prestige v2 have been expanded, ranging from a Nil excess, with the maximum option being R150 000 in some cover sections.

When recapturing policies, you must select a basic excess that is closely aligned to your client's current flat or voluntary excess. Please select Nil, where the excess waiver option was previously selected.

Below is a guideline that will assist you in choosing a suitable excess and ensure that clients are not negatively impacted by the product's structural changes. The sections mentioned below indicate where there have been extensive changes. All other excesses for the remainder of the policy sections can be found on the Excess and limit page.

Product Line	Basic Excess (Current Excess)	Flat Excess Amount	Excess Waiver Selected	Voluntary Excess Amount	Driver Age	Excess Client Pays (Current Prestige v1.5 excess payable)	Migration Rule (Action required when recapturing the policy when applying excess applicable for Prestige v2)
Motor	5% of claim, min R2 500	No	No	No	Under 55 years	5% of claim, min R2 500	5% of claim, min R2 500
Motor	5% of claim, min R2 500	No	No	No	55 years and older	Zero Excess	Zero Excess
Motor	5% of claim, min R2 500	No	Yes	No	Under 55 years	Zero Excess	Zero Excess
Motor	5% of claim, min R2 500	No	Yes	No	55 years and older	Zero Excess	Zero Excess
Motor	5% of claim, min R2 500	Yes	No	No	Under 55 years	Flat Excess client selected	Map the flat excess selected by your client to closest available basic excess option (round down to the nearest thousand).
Motor	5% of claim, min R2 500	Yes	No	No	55 years and older	Flat Excess client selected	Map the flat excess selected by your client to closest available basic excess option (round down to the nearest thousand).

Product Line	Basic Excess (Current Excess)	Flat Excess Amount	Excess Waiver Selected	Voluntary Excess Amount	Driver Age	Excess Client Pays (Current Prestige v1.5 excess payable)	Migration Rule (Action required when recapturing the policy when applying excess applicable for Prestige v2)
